PAY TELEPHONE LINES (PTL)

(N)

A. GENERAL

Pay Telephone Lines (PTL) are individual dial tone line Local Exchange services for use by pay phone service providers to connect coin, coinless and/or combination coin/coinless pay telephones to the Telephone Company's network.

B. REGULATIONS

1. Four types of PTL are available: Network Controlled Coin Line (NCCL), Network Controlled Non-Coin Line (NCNL), Network Controlled Inmate Line (NCIL) and Customer-Provided Coin-Operated Telephones (COCOTS).

2. Explanation of Terms

- a. Network Controlled Coin Line (NCCL)

The Network Controlled Coin Line (NCCL) is a dial tone line, message or measured rate, Local Exchange service for use with coin-operated pay telephones.*

The NCCL is equipped with network coin control capability which includes coin collect and return features, call rating capabilities and unique operator services which allow an end user to signal the operator during a call.

- b. Network Controlled Non-Coin Line (NCNL)

The Network Controlled Non-Coin Line (NCNL) is a dial tone line Local Exchange service for use with non-coin pay telephones, including card reader or credit card telephones. This line prevents the completion of chargeable direct dialed local or chargeable direct-dialed toll calls without operator intervention.

- c. Network Controlled Inmate Line (NCIL)

The Network Controlled Inmate Line (NCIL) is a dial tone line Local Exchange service for use with coinless and coin-operated telephones provided on the premises of city, county, state or federal prisons where institutionally authorized telephone programs warrant the service.

* Local messages will be billed on an unlimited flat basis until a message and measured rate exchange line is technically feasible for coin-operated telephones. At that time all NCCL lines equipped with flat rate service will convert to a message or measured rate exchange line.

(N)

Bell Atlantic - Maryland, Inc.

Section 4D
Original Page 2

PAY TELEPHONE LINES (PTL)

(N)

B. REGULATIONS (Cont'd)

2. Explanation of Terms (Cont'd)

c. Network Controlled Inmate Line (Cont'd)

NCIL is provided for the purpose of originating collect messages from coinless telephones and collect and local sent-paid messages from coin-operated telephones to numbers in the Telephone Company's North American Dialing Plan.

Calls to Telephone Company numbers such as repair service, directory assistance, live operator (0-), Toll Free numbers, 10XXX, and public emergency service numbers such as 911 will be blocked from all Network Controlled Inmate Lines.

The following are standard blocking/screening features of the NCIL service:

- (1) Toll Billing Exception - is an inward screening that disallows the billing of collect or third number calls to the line.
- (2) Originating Line Number Toll Screening - provides special screening codes to the operator identifying any outward call screening on the line.
- (3) 900 blocking - prevents an exchange user from accessing 900 service telephone numbers.
- (4) Audiotex Blocking - prevents the completion of outgoing calls placed directly to an Audiotex Service telephone number.

d. Customer-Provided Coin-Operated Telephone Service (COCOTS)

Customer-Provided Coin-Operated Telephone Service (COCOTS) is a dial tone line, message or measured rated, Local Exchange service designed for use with station controlled pay telephones.

Call Screening, when used in connection with COCOTS, is an optional arrangement whereby outgoing calls, which are routed to a Telephone Company operator, will be processed only on a bill-to-third number, collect call or calling card basis as instructed by the calling party.

PAY TELEPHONE LINES (PTL)

(N)

B. REGULATIONS (Cont'd)

3. NCCL and NCNL exchange lines may be provisioned as Two-way or One-way, Outgoing Only exchange lines.
4. NCCL and NCNL exchange lines prevent the completion of incoming collect or third number calls, when such calls originate within the continental United States and when such calls are processed through the billing verification database. Outgoing operator handled calls are restricted to collect, third number and calling card only.
5. Directory Listings are not available with NCIL, One-way, Outgoing Only NCCL and One-way, Outgoing Only NCNL exchange lines.
6. Directory Listings are available with NCCL Two-way, NCNL Two-way, and COCOTS exchange lines subject to the regulations applicable to listings for individual line business service.
7. The following options are available for NCCL, NCNL and COCOTS exchange lines:
 - a. Audiotex Call Blocking - subject to the regulations and rates specified in Section 9A of this Tariff; and
 - b. 700/900 Call Restriction - subject to the regulations and rates specified in the General Services Tariff, Section 6.
8. Line Side Answer Supervision may be provided on NCNL and COCOTS exchange lines. This optional feature detects and provides signaling to activate billing mechanisms upon connection of a call and deactivate billing mechanisms when the call is terminated.
9. Pay telephones connected to a PTL exchange line must be registered in compliance with Part 68 of the FCC's Rules and Regulations.
10. Extensions must be configured and wired so that only one telephone will operate on the line at one time.
11. NCCL, NCNL and COCOTS subscribers are subject to the same Directory Assistance rates applicable to business service specified in the General Services Tariff, Section 9.
12. Exchange users of NCCL, NCNL and COCOTS must be permitted access, at no charge, to Universal Emergency Number 911 Services.

PAY TELEPHONE LINES (PTL)

(N)

B. REGULATIONS (Cont'd)

13. Nonpublished and Nonlisted Telephone Service described in the General Services Tariff will be provided at no charge upon the PTL subscriber's request.
14. The PTL subscriber shall be responsible for the installation, operation and maintenance of any pay telephone used in connection with this service.
15. The PTL subscriber shall be responsible for payment of all charges, including appropriate local, toll and FCC charges, associated with the provisioning of this service.
16. Long Distance Message Restriction is available on an optional basis on NCNL lines, subject to the regulations and rates specified for business in the General Services Tariff, Section 6.
17. NCIL may be provisioned as a:
 - (1) Coin One-way, Outgoing Only Mechanized Collect access line*
 - (2) Coinless One-way, Outgoing Only Mechanized Collect Only access line
 - (3) Coinless Two-way access line

C. RATES

1. The local service areas and applicable local message charges are as specified for business in Section 2 of this Tariff.
2. All sent-paid intraLATA toll calls will be handled by the Telephone Company and charged at the appropriate rate specified in the Long Distance Services Tariff, Section 2B for Operator Services or FCC No. 4 Tariff.

Any sent-paid intraLATA toll call that is not rated by the Telephone Company will be charged at the rate specified in the Long Distance Services Tariff, Section 2A for Business Two-Point Service.
3. The Service Charges for PTLs are as specified in the General Services Tariff, Section 3.

* Coin NCIL is provisioned the same as the Coinless NCIL (One-way, Outgoing Only Mechanized Collect Only), except local sent-paid messages are permitted.

SERVICE FOR CUSTOMER-PROVIDED COIN AND CREDIT CARD OPERATED TELEPHONES

A. GENERAL

Service for Customer-provided Coin and Credit Card Operated Telephones is Local Exchange Service designed for use with customer-provided coin and credit card operated telephones. In addition to the Regulations following, customers must comply with all directives from the State Corporation Commission.

B. REGULATIONS

1. Explanation of Terms

Call Screening

Call Screening, when used in connection with Service for Customer-provided Coin and Credit Card Operated Telephones, is an optional arrangement whereby outgoing calls which are routed to a Telephone Company operator, will be processed either on a bill to third number, collect call or calling card basis as instructed by the calling party.

2. Customer-provided coin operated telephones must accept any appropriate combination of nickels, dimes and quarters for local and long distance calling charges.
3. The customer-provided coin and credit card operated telephone must be so arranged as to permit its user to place calls to Universal Emergency Number 911 Services, the Telephone Company's operator, Toll Free Service numbers and Switched Access Service Feature Group B without the requirement for a coin deposit or use of a credit card. (T)
4. The customer-provided coin and credit card operated telephone must also be arranged as to permit the completion, both incoming and outgoing, of long distance calls and calls within the local service area of the service. The telephone must be arranged so as to return deposited coins on uncompleted outgoing calls.
5. Only one customer-provided coin or credit card operated telephone will be permitted to be connected to each Service for Customer-provided Coin and Credit Card Operated Telephones.
6. Dialing instructions must be prominently displayed on the customer-provided coin and credit card operated telephone. The customer-provided coin and credit card operated telephone must be clearly identified as being provided by the customer and not the Telephone Company. Such information must also advise the user as to where and how to direct claims and inquiries, and to report malfunctioning telephones. Further, the posted information must stipulate the application of charges for long distance service where such charges are in excess of the tariffed rates of the long distance service provider.

Bell Atlantic - Virginia, Inc.

SERVICE FOR CUSTOMER-PROVIDED COIN AND CREDIT CARD OPERATED TELEPHONES

B. REGULATIONS (Cont'd)

7. It is the responsibility of the customer to place a notice at outdoor locations of customer-provided coin and credit card telephones, other than those installed on a temporary basis, that will identify the street address or other physical location of the telephone.
8. In those cases where customer-provided coin and credit card operated telephones have been connected, but not reported to the Telephone Company, the customer will reimburse the Telephone Company for all rates and charges which would have applied had the correct procedures been followed, including three months of business message service at a presumed local usage of 900 calls per month. If the improper connection discovery is prior to September 7, 1985, the billing will only be for the amount of time between June 7, 1985, and the date of discovery.
9. Charges for Directory Assistance Service calls placed from telephones associated with Service for Customer-provided Coin and Credit Card Operated Telephones may be rounded up to the nearest multiple of \$.05.
10. Service for Customer-provided Coin and Credit Card Operated Telephones is business service, and is offered on a basic message or measured rate basis, or with an unlimited monthly usage option only in the rate classes so specified in Section 2 of this tariff.
11. Line Side Answer Supervision detects and provides signalling to activate billing mechanisms upon connection of a call and deactivate billing mechanisms when the call is terminated.

C. RATES

1. The rates, charges and exchange areas for Service for Customer-provided Coin and Credit Card Operated Telephones are as specified in Section 2 of this tariff. The maximum rate for each local coin call, including Extended Area Calling and **Community Choice PlanSM** Service calls, may not exceed the rate currently approved for the Telephone Company. (C)

	Nonrecurring Charge	Per Month	USOC
2. Call Screening, per line with which associated. . .	-	\$2.00	PSE
3. Line Side Answer Supervision.	\$11.12*†	1.65	

* Applies if installation occurs subsequent to the installation of the COCOT line and is in addition to standard service charges.

† This charge will be waived for the 90 calendar days from August 12, 1994.

NETWORK CONTROLLED INMATE LINE

(N)

A. GENERAL

The Network Controlled Inmate Line (NCIL) is a switched access exchange service for use with coinless and coin operated telephones provided on the premise of city, county, state and federal prisons where institutionally authorized telephone programs warrant the service.

B. REGULATIONS

1. NCIL service is provided for the purpose of originating:

- (a) messages from coinless telephones to numbers in the Telephone Company's North American Dialing Plan.
- (b) collect and local sent paid messages from coin-operated telephones to numbers in the Telephone Company's North American Dialing Plan.

2. NCIL service may be provisioned as a:

- (a) Coin One-Way, Outgoing Mechanized Collect access line*
- (b) Coinless One-Way, Outgoing Mechanized Collect Only access line
- (c) Coinless Two-Way access line

3. The following are standard blocking/screening features of the NCIL:

- (a) Toll Billing Exception - is an inward screening that disallows the billing of collect or third number calls to the line.
- (b) Originating Line Number Toll Screening - provides special screening codes to the operator services switch identifying any outward call screening on the line.
- (c) 700/900 blocking - prevents an exchange user from accessing 700 and 900 service telephone numbers.

* Coin NCIL is provisioned the same as the Coinless NCIL (One-way, Outgoing Mechanized Collect Only) except local sent paid messages are permitted.

PAY TELEPHONE LINES (PTL)

A. GENERAL

Pay Telephone Lines (PTL) are individual dial tone line Local Exchange services for use by pay phone service providers to connect coin, coinless or combination coin/coinless pay telephones to the Telephone Company's network.

B. REGULATIONS

1. Two types of PTL are available: Network Controlled Coin Line (NCCL) and Network Controlled Non-Coin Line (NCNL).

2. Explanations of Terms

Network Controlled Coin Line (NCCL)

Network Controlled Coin Line (NCCL) is a dial tone line, message or measured rate, Local Exchange service for use with coin-operated pay telephones.*

The NCCL is equipped with network coin control capability which includes coin collect and return features, call rating capabilities and unique operator services which allow an end user to signal the operator during a call.

Network Controlled Non-Coin Line (NCNL)

Network Controlled Non-Coin Line (NCNL) is a dial tone line Local Exchange service for use with non-coin pay telephones, including card reader or credit card telephones. This line prevents the completion of chargeable direct-dialed local or chargeable direct-dialed toll calls without operator intervention.

3. NCCL and NCNL pay telephone exchange lines may be provisioned as Two-way or One-way, Outgoing Only exchange lines.
4. NCCL and NCNL pay telephone exchange lines prevent the completion of incoming collect or third number calls, when such calls originate within the continental United States and when such calls are processed through the billing verification database. Outgoing operator handled calls are restricted to collect, third number and calling card only.
5. Directory Listings are not available with One-Way, Outgoing Only NCCL or One-Way, Outgoing Only NCNL pay telephone exchange lines.
6. Directory listings are available with NCCL Two-way and NCNL Two-way pay telephone exchange lines subject to the regulations applicable to listings for individual line business service.

* NCCL will be billed on an unlimited flat rate basis until message and measured rate exchange lines are technically feasible for coin-operated telephones. At that time all NCCL lines equipped with flat rate service will convert to a message or measured rate exchange line.

Bell Atlantic - Virginia, Inc.

Section 4D
Original Page 2

PAY TELEPHONE LINES (PTL)

B. REGULATIONS (Cont'd)

7. NCCL and NCNL exchange lines may be provided with 700/900 Call Restriction as an optional feature, subject to the regulations and rates specified in the General Services Tariff, Section 6.
8. Line Side Answer Supervision may be provided on NCNL exchange lines as an optional feature subject to the regulations and rates in Section 4A of this Tariff.
9. Pay telephones connected to a PTL exchange line must be registered in compliance with Part 68 of the FCC's Code of Regulations.
10. Only one pay telephone will be permitted to be connected to each PTL exchange line. Extensions must be configured and wired so that only one telephone will operate on the line at one time.
11. NCCL and NCNL subscribers are subject to the same Directory Assistance rates applicable to business service specified in the General Services Tariff, Section 9.
12. NCCL and NCNL subscribers may charge users of their pay telephones the tariffed business rate specified in the General Services Tariff, Section 9 rounded up to the nearest multiple of \$.05.
13. Exchange users of NCCL and NCNL must be permitted access at no charge to Universal Emergency Number 911 Services, the Telephone Company's operator, Toll Free Service numbers and Switched Access Service Feature Group B without charge.
14. Pay telephones connected to a PTL exchange line must be arranged to permit the completion of long distance calls and calls within the local service area where the service is located. Pay telephones connected to NCCL exchange lines must be arranged to return deposited coins on incompleting outgoing calls.
15. Nonpublished and Nonlisted Telephone Service described in the General Services Tariff will be provided at no charge upon the PTL subscriber's request.
16. Failure of the subscriber to comply with the provisions of this Tariff may result in the suspension or disconnection of the subscriber's service.
17. The PTL subscriber shall be responsible for the installation, operation and maintenance of any pay telephone used in connection with this service.
18. The PTL subscriber shall be responsible for payment of all charges, including applicable local, toll and FCC charges, associated with the provisioning of this service.

SERVICE FOR CUSTOMER-PROVIDED COIN AND CREDIT CARD OPERATED TELEPHONES

A. GENERAL

Service for Customer-provided Coin and Credit Card Operated Telephones is a type of business individual line, measured rated, exchange service designed for use with customer-provided coin and credit card operated telephones. In addition to the following regulations, customers must also comply with all Rules and Regulations of the Public Service Commission of West Virginia.

B. REGULATIONS

1. Explanation of Terms

Inward Call Screening

Inward Call Screening, which is included with Service for Customer-provided Coin and Credit Card Operated telephones, is an arrangement which identifies and disallows collect and third number calls to the Service for Customer-provided Coin and Credit Card Operated Telephones.

Outward Call Screening

Outward Call Screening, when used in connection with Service for Customer-provided Coin and Credit Card Operated Telephones, is an optional arrangement whereby outgoing calls, which are routed to a Telephone Company operator, will be processed either on a bill to third number, collect call or calling card basis as instructed by the calling party.

2. Service for Customer-provided Coin and Credit Card Operated Telephones will be furnished where, in addition to use by the customer, there is a requirement for service by persons other than the customer, the customer's employees or the customer's representatives. An executed copy of the Public Service Commission of West Virginia's Registration Form must accompany each request for service.
3. The customer-provided coin and credit card operated telephone must be so arranged as to permit its user to place calls to Universal Emergency Number 911 Services, the Telephone Company's operator, Toll Free Service numbers and Switched Access Service Feature Group B without charge. (T)
4. The customer-provided coin and credit card operated telephone must also be arranged as to permit the completion of long distance calls and calls within the local service area of the service.
5. Only one customer-provided coin or credit card operated telephone will be permitted to be connected to each Service for Customer-provided Coin and Credit Card Operated Telephones.

PAY TELEPHONE NETWORK LINES (PTNL)

(N)

A. GENERAL

Pay Telephone Network Lines (PTNL) are individual dial tone line Local Exchange services for use by pay phone service providers to connect coin, coinless and/or combination coin/coinless pay telephones to the Telephone Company's network.

B. REGULATIONS

1. Two types of PTNL are available: Network Controlled Coin Line (NCCL) and Network Controlled Non-Coin Line (NCNL).

- a. Network Controlled Coin Line (NCCL)

Network Controlled Coin Line (NCCL) is a dial tone line, measured rate, Local Exchange service for use with coin-operated pay telephones.*

The NCCL is equipped with network coin control capability which includes coin collect and return features, call rating capabilities and unique operator services which allow an end user to signal the operator during a call.

- b. Network Controlled Non-Coin Line (NCNL)

Network Controlled Non-Coin Line (NCNL) is a dial tone line Local Exchange service for use with non-coin pay telephones, including card reader or credit card telephones. This line prevents the completion of chargeable direct dialed local or chargeable direct-dialed toll calls without operator intervention.

Long Distance Message Restriction is available on an optional basis, subject to the regulations and rates specified for business in the General Services Tariff, Section 6.

2. NCCL and NCNL pay telephone exchange lines may be provisioned as Two-way or One-way, Outgoing Only exchange lines.
3. NCCL and NCNL pay telephone exchange lines prevent the completion of incoming collect or third number calls, when such calls originate within the continental United States and when such calls are processed through the billing verification database. Outgoing operator handled calls are restricted to collect, third number and calling card only.
4. Directory Listings are not available with NCCL One-way, Outgoing Only and NCNL One-way, Outgoing Only exchange lines.
5. Directory Listings are available with NCCL Two-way and NCNL Two-way exchange lines subject to the regulations applicable to listings for individual line business service.
6. NCCL and NCNL exchange lines may be provided with 700/900 Call Restriction as an optional feature, subject to the regulations and rates specified in the General Services Tariff, Section 6.

- * NCCL will be billed on an unlimited flat rate basis until a measured rate exchange line is technically feasible for coin-operated telephones. At that time all NCCL lines equipped with flat rate service will convert to a measured rate exchange line.

(N)

B. REGULATIONS (Cont'd)

7. Line Side Answer Supervision may be provided on NCNL exchange lines on an optional basis as specified in Section 4A of this Tariff.
8. Telephones connected to a PTNL exchange line must be registered in compliance with Part 68 of the FCC Registration Program.
9. Only one pay telephone will be permitted to be connected to each PTNL exchange line. Extensions must be configured and wired so that only one telephone will operate on the line at one time.
10. All pay telephones connected to a PTNL exchange line must be equipped with Touch-Tone Calling as provided in Section 3 of this Tariff.
11. NCCL and NCNL subscribers are subject to the same Directory Assistance rates applicable to business service as specified in the General Services Tariff, Section 9.
12. The subscriber must provide access at no charge to Universal Emergency Number 911 Services, the Telephone Company's operator, Toll Free Service numbers and Switched Access Service Feature Group B without charge.
13. Pay telephones connected to a PTNL exchange line must be arranged to permit the completion of long distance calls and calls within the local service area where the service is located.
14. Nonpublished and Nonlisted Telephone Service as described in the General Services Tariff will be provided at no charge upon the PTNL subscriber's request.
15. Failure of the subscriber to comply with the provisions of this Tariff may result in the suspension or disconnection of the subscriber's service.
16. The PTNL subscriber shall be responsible for the installation, operation and maintenance of any pay telephone used in connection with this service.
17. The PTNL subscriber shall be responsible for payment of all charges, including applicable local, toll and FCC charges associated with the provisioning of this service.
18. Telephones connected to PTNL exchange lines must fully comply with and be operated fully in accordance with the Public Service Commission of West Virginia's currently effective rules, regulations and orders governing Customer Owned Public Telephones (COPTs).
19. An executed copy of the Public Service Commission of West Virginia's "COPT" Registration Form must accompany each request for service.

C. RATES

1. The local service areas and applicable local message charges are as specified for Semipublic in Section 2 of this Tariff.
2. All sent-paid intraLATA toll calls will be carried by the Telephone Company and charged at the appropriate rate as specified in the Long Distance Services Tariff, Section 2B for Operator Services.

Any sent-paid intraLATA toll call that is not rated by the Telephone Company will be charged at the rate specified in the Long Distance Services Tariff, Section 2A for Business Two-Point Service.
3. The Service Charges are as specified in the General Services Tariff, Section 3.
4. PTNL exchange lines, each

	<u>Nonrecurring Charge</u>	<u>Per Month</u>
a. NCCL (Coin)		
One-way, Outgoing Only	-	\$35.16*
Two-way Service	-	33.16*
b. NCNL (Non-Coin)		
One-way, Outgoing Only	-	39.00
Two-way Service	-	37.00

* The NCCL measured exchange line rate will apply when a measured line for coin-operated telephones is technically feasible. In the interim, an unlimited local usage monthly charge of \$59.00 (includes per month charge listed above) will be billed to NCCL - One-way, Outgoing Only and \$57.00 (includes per month charge listed above) billed to NCCL - Two-way.

A5. EXCHANGE SERVICES

5.5 PUBLIC COMMUNICATION SERVICE - COIN AND COINLESS (Cont'd)

5.5.3 CUSTOMER-PROVIDED PAY TELEPHONE SERVICE (CPPTS)

A. DESCRIPTION

1. General

Customer-Provided Pay Telephone Service (CPPTS) is a message-rate, switched access, business exchange service for use with customer-provided pay telephones (CPPTs). A CPPTS line provides basic exchange access service plus an inward screening arrangement which identifies and disallows collect and third number calls to the CPPTS line.

A CPPTS line may be obtained with a Limited InterLATA Dialing (LID) arrangement. This arrangement blocks the completion of interLATA calls identified by the Company as 1+ interLATA calls originating from a CPPTS line (including 10XXX 1+ calls), except Toll Free calls and calls that the Company transports within a local calling area that is situated in two LATAs. This service is provided where facilities permit.

A Line Side Answer Supervision (LSAS) arrangement is available on an optional basis. This arrangement sends a signal to the network interface associated with the CPPT when the Company's facilities detect that the called party's line goes off-hook or on-hook. This service is available where facilities permit.

An Outward Screening arrangement is also available on an optional basis. With this arrangement, operator-handled calls originating from a CPPTS line are restricted to collect, third number, and calling card calls, all of which can be made on a person-to-person or station-to-station basis.

B. REGULATIONS

1. General

CPPTS is the only exchange service provided by the Company for use with customer-provided pay telephones or coinless public telephones connected and operated by customers other than Interexchange Carriers (ICs). Interexchange carrier coinless public telephones are subject to the regulations outlined in A5.5.4.

CPPTS is subject to the resale regulations outlined in A2.2.5.

Connection of more than one CPPT to a single CPPTS exchange line will be permitted, but is limited to those locations where CPPTs are associated with common equipment dedicated solely to CPPTS and arranged so as to ensure user privacy and provide no inordinate levels of call blocking.

The discount provisions of A2.3.4 are not applicable.

A directory listing is available with each CPPTS line.

A5. EXCHANGE SERVICES

5.5.3 CUSTOMER-PROVIDED PAY TELEPHONE SERVICE (Cont'd)

B. REGULATIONS (Cont'd)

1. General (Cont'd)

A CPPTS line does not include a local message unit allowance unit or a Directory Assistance call allowance.

Customers disconnecting New Jersey Bell Semi-Public Telephone Service and installing CPPTS have the option of retaining their current semi-public telephone number. However, customers installing CPPTS where New Jersey Bell Public Telephone Service previously existed are not entitled to retain the same number.

Selective Calling Service cannot be provided in conjunction with CPPTS.

Touch-Tone calling (USOC TTB), as specified in A5.4.2 preceding, is available on an optional basis.

2. Responsibility of the Customer

The customer shall be responsible for the installation, operation and maintenance of any customer-provided pay telephone used in connection with this service.

The customer shall be responsible for payment of all charges associated with this service including toll charges. Adjustments to the customer's local message and/or toll bill will not be made.

Customer-provided pay telephones must be registered in compliance with Part 68 of the FCC's Registration Program or connected behind an FCC registered coupler.

Customer-provided pay telephones must comply with all applicable federal, state and local laws and regulations concerning the use of these telephones by disabled persons and the hearing impaired.

3. Operational Characteristics Required in BPU Order Dated August 18, 1986

Customer-provided pay telephones:

- Must be able to access an operator (dial-0) at no charge and without using a coin.
- Must be able to access Directory Assistance. Charges for such access are limited, as a maximum, to those of the underlying carrier as described in A5.7.2,C.
- Must be able to dial 0 (operator) plus the appropriate number of digits for Calling Card, Collect and Third Number calls at no charge and without using a coin.

A5. EXCHANGE SERVICES

5.5.3 CUSTOMER-PROVIDED PAY TELEPHONE SERVICE (Cont'd)
B. REGULATIONS (Cont'd)

3. Operational Characteristics Required in BPU Order Dated August 18, 1986
(Cont'd)

- Must be able to access 911 Emergency Service, where available, at no charge and without using a coin.
- Must be able to access all interexchange carriers, where available.
- Must be able to access Toll Free numbers, 950 Interexchange Carrier numbers, and Interexchange Carriers in equal access exchanges at no charge and without using a coin. Where Interexchange Carriers do not have equal access service or a 950 number, CPPT providers may charge applicable local or toll rates for calls to the Interexchange Carrier's non-equal access numbers. *
- Must allow the completion of both local and long distance calls.
- The customer shall cause to be prominently displayed on each customer-provided pay telephone used in connection with this service clear and concise dialing instructions. Refund and station ownership information must be provided to CPPT end users, but, at the option of the CPPTS provider, may be either posted at the station set or available via a free information number. In addition, the source for obtaining refunds must be a party within the State of New Jersey.
- The customer may not charge users of their pay telephones more for the initial or additional periods of a particular local message than the underlying carrier is authorized to charge for the initial or additional periods of a local message through its pay telephone service.

4. Extension Service

Customer-provided extension station sets may be connected to a CPPTS line thru a customer-provided device which would ensure the privacy of the pay telephone user. If the customer-provided pay telephone arrangement is technologically unable to "block" the extension, the pay telephone provider should prominently display information advising users that the pay telephone is not private and is subject to monitoring by the associated extension.

5. Outward-Only CPPTS

CPPTS providers may prevent incoming calls, but when doing so must conspicuously post notice of the CPPT's inability to accept incoming calls on or within close proximity of the CPPTS station set. Additionally, CPPTS subscribers wishing to provide outward-only service must subscribe to non-published directory listing service and pay the appropriate charge as specified in A5.7.1,D for each service location.

A5. EXCHANGE SERVICES

5.5.3 CUSTOMER-PROVIDED PAY TELEPHONE SERVICE (CPPTS) (Cont'd) B. REGULATIONS (Cont'd)

6. Violation of Regulations

Failure of the customer to comply with the provisions of this Tariff will result in the suspension of the customer's service. (*)

C. RATES AND CHARGES

1. Customer-Provided Pay Telephone Service (*)

Item	Nonrecurring Charge	Monthly Rate	USOC	
CPPTS				
- per access line †.....	RR	\$17.50	1WA	(*)
Limited InterLATA				**
Dialing (LID) arrangement				*
- per access line †,#.....	RR	1.50	-	
Line Side Answer Supervision (LSAS) arrangement				*
- per access line ††.....	RR	1.65	A4SLX	**
Outward Screening arrangement				(*)
- per access line Ø.....	\$9.00	1.50	PSESO	(*)

2. Local Messages

This service does not include a message unit allowance. The charges are as specified in A5.2.2,B. for local messages directly dialed from non-coin telephones. The number of local message units applicable to the initial and overtime periods is as provided in A5.2.2.

3. Toll Messages

The charges are as specified in A6.

4. Directory Assistance Calls

This service does not include a Directory Assistance call allowance. All calls to Company Directory Assistance bureaus will be billed to the customer at the charge specified in A5.7.2,C. for Calls in Excess of Monthly Allowance.

- † Refer to A3. for applicable SERVICE CHARGES. (*)
- # The CPPTS line with the Limited InterLATA Dialing arrangement will be shown on the customer's bill as \$19.00 (USOC 1N4). *
- †† An ELEMENT 1B per order and 2B per line equipped apply except when done in conjunction with other chargeable work for which these ELEMENTS apply. *
- Ø If installed subsequent to the associated CPPTS line, an ELEMENT 1B charge applies in addition to the nonrecurring charge. (*)
